

How to insert your pin

WHAT YOU'LL NEED

Pin

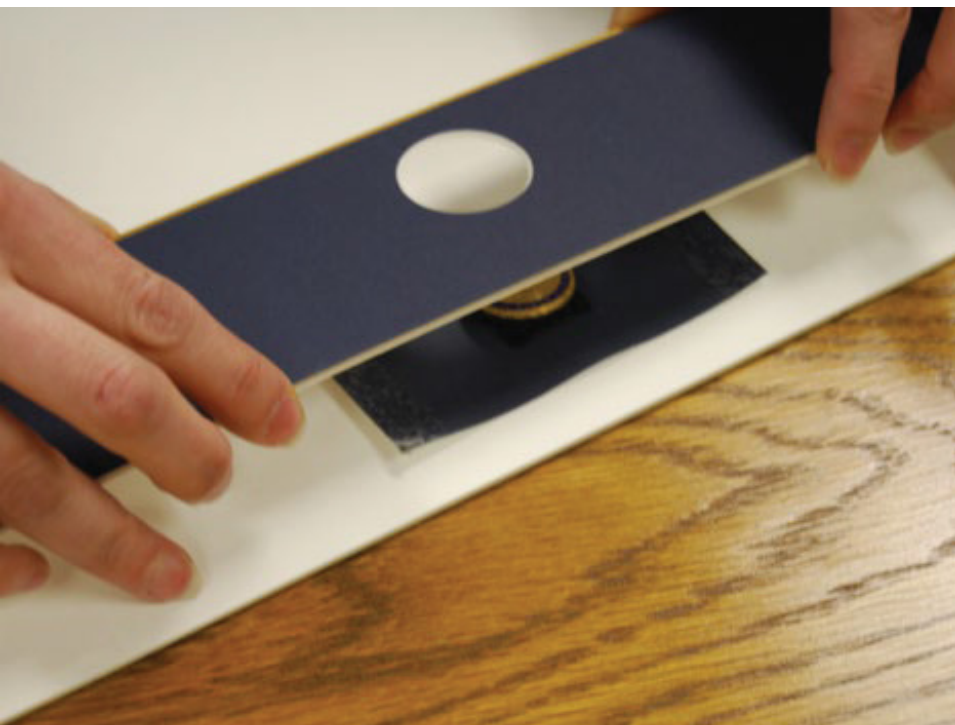

Center your pin on the velcro and then adhere as directed

Push pin back: push the pin through the center and replace the pin back

Bar pin back: Guide back through velcro loops to center and close clasp.

Remove the release paper from the strips on each end and place on back mat board face up.

Pick up top mat and center pin in the circular opening to the backside of the mat. Once centered, and gently apply pressure to the patch
